The image displays two sets of handwritten mathematical scribbles on a black background. The left set, drawn in yellow and white, includes the fraction $\frac{2}{3}$ and a circled 'X' with a diagonal line through it. The right set, drawn in pink and white, includes the fraction $\frac{3}{2}$ and a circled 'X' with a diagonal line through it. Arrows and curved lines connect the elements, suggesting a flow or relationship between the two sets of scribbles.
